NEIGHBOURHOOD PLANNING IN LONDON - WHAT NEXT? INSIGHTS FROM ACADEMIA

Graham Pycock

PRESENTATION

- 1) Where are we now?**
- 2) What do we know?**
- 3) Neighbourhood planning 're-imagined'**
- 4) Local government consultation: a new model?**

WHERE ARE WE NOW / WHAT DO WE KNOW?

London:

- 1) 68 funded forums / 12 ‘made’ plans / 8 boroughs with made plans / 9 boroughs ‘dormant’
- 2) Ten times as many ‘made’ plans in England outside London as in London itself
- 3) London policy community; ‘Localist’, ‘Tokenist’ or ‘Contra-localist’. Opposition not overt – no debate.
- 4) ‘London’s localism tardiness is unexplored, unexplained and worthy of investigation’

WHERE ARE WE NOW / WHAT DO WE KNOW?

England

- 1) 2,500+ groups / 14 million people / 700+ made plans / average 88% yes vote / average 32% turnout / over 750,000 have voted / austerity and Brexit
- 2) Groups want; control of 'design and location of development' / 82% recommend NP to others / 89% agreed 'duty to support' should be clarified. User Experience Report (Parker 2015)
- 3) Survey: 'greatest say in local area'; 3% actually have / 57% should have. People Power (Locality Commission 2018)

WHERE ARE WE NOW / WHAT DO WE KNOW?

England

- 1) Need devolved power: ‘unleashing the creativity and expertise of communities’ / ‘change local government behaviour and practice to enable local initiatives to thrive’ (Locality Commission 2018).
- 2) ‘another form of anti-politics; naïve, populist liberalism’ (Clarke and Cochran 2013). ‘Self-appointed elites, reap the benefits’ (Apostolides 2018).
- 3) Empowerment criteria: ‘statutory frameworks’ / ‘different scales of local government’ / ‘active civil society’ / ‘a policy priority’ (Painter 2011).

NEIGHBOURHOOD PLANNING ‘RE-IMAGINED’

- 1) Healthy local governance / powers and resources / culture and trust / development and capacity (Locality Commission 2018)
- 2) Equity and participation / ‘co-production’ / social inclusion / plan quality / integration with strategic goals / enhanced community control (Wargent & Parker 2018)
- 3) Grants / social purposes / capacity building / GLA / council champions (Publica 2019)
- 4) Role of ward councillors / role of GLA & Mayor / pooled NCIL / ‘design codes’ / profile / community council?

LOCAL 'CONSULTATION'

Local government-led planning
